

ASSET TRACKER WIRED

Product Description

The ATW01-6 weatherproof asset and trailer tracker is designed for reliable, long-term deployments. Its rechargeable battery pack makes it an ideal solution for managing assets that are typically powered or have their own power source available, and only sit disconnected for short periods of time. Track trailers, cranes, excavators, generators, lawn equipment, and more.

KEY HARDWARE FEATURES

- Backup Battery: 4300mAh, with low battery warning and disconnect alert system.
- Tracking: Sends real-time asset location.
- Programmable Alerts: Customizable scripting.
- Message Store and Forward: Up to 300 messages or alerts.
- Deep Sleep Power Saving Mode: Ultra low consumption when vehicle engine is off or device is at rest.
- Monitor & Control: Multiple I/O connections suit a variety of needs.
- OTA (Over the Air): Firmware can be upgraded via TCP.
- Weatherproof: IP66 rated outer casing.
- Fully integrated into Geotab.
